## Corporate Worldwide License

licence code: 'hlx-7qczcsu/25045'

to: Nova Ljubljanska banka d.d., Ljubljana  
Trg republike 2  
1520 Ljubljana

A worldwide license allows installation and use of the font(s) on unlimited CPUs at unlimited locations for one corporation/legal entity. This license allows re-distribution to its affiliates and related businesses (i.e. marketing and advertising agencies, shops, etc.) that can install and use the font(s) ONLY for the project(s) related to the licensee corporation/legal entity. The term "Affiliate" means any company or corporation, current or yet to be formed, directly or indirectly controlled by the Licensee.

The corporate entity that buys a worldwide license is allowed to modify, adapt and use the font at will for its commercial and not commercial purposes, but it's still not allowed to resell the font as a font file or make applications that include the font file(s) as a file/files.

Our End-User License Agreement ("EULA") grants to the licensee the following rights:

01] You may install and use an unlimited number of copies of the fonts.

02] You can make archival copies of the fonts for your own purposes.

03] A copy of the fonts may be sent as part of a file release to a prepress bureau.

04] Fonts can be embedded in other software files, such as Portable Document Format (PDF) or Flash files, but you will take all reasonable care to embed the fonts in such a way that they cannot be extracted from the files you create.

05] You may modify the fonts for your own purposes, but are not allowed to distribute renamed, edited or derivative font files, either for profit or not, outside the company work environment.

06] No reselling of the font as a font software is allowed: copies of the font installation files may not be distributed or shared in any way (for profit or free of charge) either on a standalone basis or included as part of your own product.

07] You may use the font in all media now known or hereafter devised (by way of example, but not by limitation: web, broadcast, TV, features, and digital platforms) and physical products, in perpetuity and throughout the universe and in connection with in-context advertising and promotions.

Zetafonts states it owns full intellectual property rights in the typeface and font software, and guarantees that the typeface and font software does not infringe any rights, including any intellectual property rights, of third parties. All authors participated in the work in a substantive way are prepared to take public responsibility for the work.

A consequence of the aforesaid guarantees, Zetafonts, together with Ligature srl, shall at its sole cost and expense, protect, defend, indemnify, release and hold harmless the Licensee from and against any and all infringement claims, suits, liabilities, actions, proceedings, concerning the typeface and font software itself.
